ABOUT ME

A passionate and detail-oriented IT student currently pursuing a diploma at Govt Polytechnic Valsad, with a strong academic record (9.58 GPA last semester). Proficient in programming languages including Python, Java, and web technologies like HTML and CSS, alongside a solid understanding of DBMS. I am eager to apply my technical skills and knowledge in real-world projects, aiming to contribute effectively to a dynamic development environment while continuously learning and growing.

EXPERIENCE

At Izonnet Web-Solution, I worked as a **Web Designer** and **MERN Stack Developer**, where I gained hands-on experience in building responsive websites and web applications. I contributed to **front-end and back-end** development using technologies like **MongoDB, Express.js, React.js, and Node.js**.

Izonnet Web-Solution
3 Months

During my online internship at IBM, I focused on enhancing my skills in web development, where I worked on building and optimizing websites. I was involved in tasks related to **front-end development**, improving website performance, and ensuring the implementation of modern web standards.

IBM
